PRESS RELEASE

November 21, 2024
For Immediate Release
Georgetown, Kentucky

GSCRC has a NEW Website

Today, November 21, 2024, is the Official GO LIVE DATE for our new Website.

One of the many new improvements is a simplified Credit/Debit Card Processing Fee of 2.69%. Whether you are using a Debit or Credit Card, MasterCard, Visa, Discover or American Express the processing fee is the same for all cards: 2.69%.

Our e-Check Payment Option remains unchanged. A Flat Fee of \$1.95 per transaction.

Other improvements include:

Streamlined Homepage Navigation:

- Taxpayers can now easily access fillable and downloadable forms directly from the homepage.
- Convenient links to Ordinances, Regulations, and Past Audit Information are prominently displayed for quick access.
- Users can now submit documents and make payments online with just a few clicks.
- A direct link to our YouTube channel provides access to all past commission meetings for enhanced transparency.
- Stay informed with news links that educate and update taxpayers on relevant matters.

Stay Updated:

- Our homepage features a calendar with important dates, including upcoming deadlines, office closures, and scheduled Commissioners' meetings to keep taxpayers informed.

Comprehensive Digital Forms:

- All forms are fully fillable online, with an option for taxpayers to download and print them if preferred, though we encourage using the fillable versions for ease and accuracy.
- Forms are designed to automatically calculate withholding and net profit taxes based on taxpayer input, simplifying the filing process.
- Certain fields are required for completion, with clear prompts to attach any supporting documents to ensure proper submission.
- Seamless Filing and Payment: Taxpayers can submit filings and pay any taxes due directly from the fillable forms, offering a one-stop solution for completing their obligations online.

Efficient Taxpayer Experience:

- The new website is designed to provide a simpler, more efficient, and accessible experience for all taxpayers. With streamlined access to forms, instant calculations, and direct payment capabilities, taxpayers can now manage their obligations quickly and easily, all in one place.

It is our goal to offer continuous improvement to remove barriers to local occupational license tax compliance.
