

MILLER, MAYER, SULLIVAN & STEVENS LLP
CERTIFIED PUBLIC ACCOUNTANTS

November 14, 2016

To the Board of Commissioners
Georgetown-Scott County Revenue Commission, Inc.

We have audited the financial statements of the governmental activities of the Georgetown-Scott County Revenue Commission, Inc. (Commission) for the year ended June 30, 2016. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards*, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter to you dated May 20, 2016. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the Commission are described in Notes 1-3 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2016. We noted no transactions entered into by the Commission during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Commission's financial statements were:

Management's estimate of the amounts due from taxpayers is based on subsequent collections and a review of the large taxpayers accounts. We evaluated the key factors and assumptions used to develop the estimate of the amounts due from taxpayers in determining that it is reasonable in relation to the financial statements taken as a whole.

Management's estimate of depreciation on capital assets. We evaluated the key factors and assumptions used to develop the depreciation estimate in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the financial statements were:

The disclosure of amounts due from and to taxing authorities in Note 4 to the financial statements was based on subsequent collections and a review of the large taxpayers accounts.

The disclosure of a significant taxpayer in Note 8 to the financial statements was based on a review of the taxpayer's account and its related entities accounts.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. The following material misstatements detected as a result of audit procedures were corrected by management:

- The June 30, 2016 contributions from the taxing authorities totaling \$33,280 had not been recorded.
- Accrued payroll totaling \$60,583 had not been recorded.
- Cash was out of balance by \$9,580.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 14, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Commission's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Commission's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to the Management Discussion and Analyses, the Statement of Governmental Fund Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual Schedule and the Notes to Required Supplementary Information on Budgetary Accounting and Control, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and

comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the Schedule of Tax Receipts and Remittances to Tax Authorities, Schedule of Tax Revenues Payable to Tax Authorities, and Schedule of Unearned Revenue Remitted to Tax Authorities, which accompany the financial statements but are not RSI. With respect to the supplementary information we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

We were not engaged to report on the Schedule of Tax Receipts and Remittances to Tax Authorities, Schedule of Tax Revenues Payable to Tax Authorities, and Schedule of Unearned Revenue Remitted to Tax Authorities, which accompany the financial statements but are not RSI. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Restriction on Use

This information is intended solely for the use of the City of Georgetown, Kentucky; Scott County Fiscal Court; Scott County Board of Education, the Board of Commissioners, management, and others within Georgetown-Scott County Revenue Commission, Inc. and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Miller, Mayer, Sullivan, & Stevens, LLP
